Objective of this Review and Approving Process:

Tri-County Technical College’s Financial Aid Office takes an active role in assisting students with the management of student loan debt. It is important to us to provide financial assistance for allowable educational expenses and to help students plan for the future.

The outcome of the review cannot be appealed and will stand for the length of time authorized unless otherwise stated.

The Higher Education Act (HEA) gives financial aid administrators the authority to deny or reduce Stafford Loans on a case-by-case basis.

Reviews will be processed on a first-come, first-served basis. Please understand that processing normally takes as much as two weeks and may be delayed up to four weeks during peak processing times.

Students with outstanding student account balances (balance due to Cashier) will need to enroll in a payment plan with the Business Office via the ‘Get Set’ tab in their student eTC account to avoid any effects of delayed processing.
