

TCTC

Tri-County Technical College

Our new logo remains deeply rooted in the vision, mission and commitment to our students, our employees and our communities. The shield itself represents the stability of our past and the strength of our future. The three bars represent the three counties we serve, while also creating a sense of connectedness as they come together to form a single, unified image. The images within the shield celebrate our location in Upstate, South Carolina. The positioning of the TCTC letters indicate that our College is a strong foundation from which to transform lives and build strong communities.
